What is ClubAdmin?

A purpose-built platform for clubs and sports facilities across India

ClubAdmin is a comprehensive cloud-based management platform designed specifically for fitness centers, sports academies, swimming pools, martial arts studios, yoga centers, and every type of club or sports facility in India. Unlike generic business software, ClubAdmin understands the unique workflows of club management — from handling seasonal memberships and family plans to managing court bookings and trainer schedules.

Whether you're running a single gym in Koramangala or a chain of sports academies across Bangalore, ClubAdmin scales with your needs. Our platform handles everything from the moment a new member walks in — capturing their details, creating their membership plan, generating professional invoices, tracking their attendance, sending WhatsApp reminders, and giving you real-time revenue analytics.

Built with deep understanding of the Indian market, ClubAdmin supports GST-compliant invoicing, UPI and other local payment modes, multi-language WhatsApp templates, and pricing structures common to Indian clubs such as quarterly plans, annual fees with EMI options, and family member discounts.

18+ CLUB TYPES SUPPORTED

Gyms & Fitness

Swimming Pools

Boxing & MMA

Yoga Studios

Badminton Clubs

Tennis Academies

Cricket Academies

Football Clubs

Basketball Courts

Dance Studios

Martial Arts

Athletics Clubs

Snooker Lounges

Chess Clubs

Table Tennis

Climbing Gyms

Shooting Ranges

Golf Academies

Why Choose ClubAdmin?

✔ **Purpose-built** for Indian clubs — not a generic CRM forced to fit

✔ **GST-compliant** invoicing with 3 professional templates

✔ **EMI management** — flexible payment plans that boost conversions

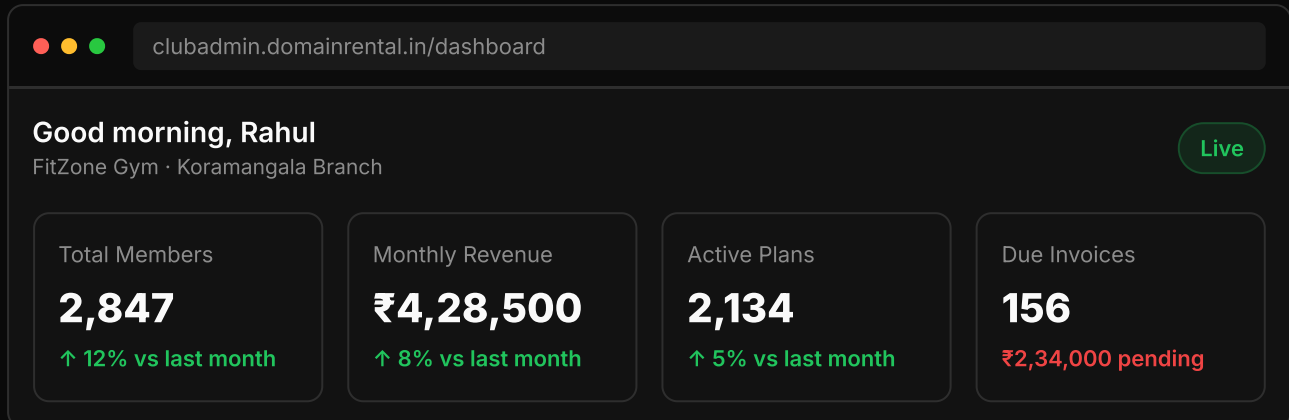

✔ **WhatsApp-native** — automated reminders your members actually read

✔ **Multi-location** — manage all branches from one dashboard

✔ **Zero learning curve** — your team can start in under an hour

Your Dashboard at a Glance

Real-time insights into your club's performance, updated every minute

Member Management

Complete lifecycle management from registration to renewal

Detailed Member Profiles

Store personal details, medical info, emergency contacts, photos, and custom fields. Track join date, referral source, and membership history in one place.

Flexible Subscriptions

Create unlimited plan types — monthly, quarterly, half-yearly, annual. Set custom durations, pricing tiers, freeze options, and auto-renewal rules.

Child & Family Members

Link child members to parents for academies and clubs. Family billing, guardian info, age-based plans, and batch assignments — all handled seamlessly.

Smart Search & Filters

Find any member instantly with powerful search. Filter by plan status, due amount, join date, batch, or any custom field. Export results to Excel.

Real Example: Priya runs a swimming academy with 450+ members across 3 age groups. She uses ClubAdmin to track each swimmer's batch, guardian details, fee status, and attendance — eliminating the 3 Excel sheets she used before.

Professional Invoicing

GST-compliant invoices with 3 beautiful templates, auto-generated and sent via WhatsApp

Classic Template

Clean, minimal layout. Best for gyms and fitness centers that want a professional, no-frills invoice.

Modern Template

Colored headers, structured sections. Ideal for academies and sports facilities with detailed line items.

Premium Template

Elegant design with brand colors, logos, and detailed breakdowns. Perfect for premium clubs.

EMI & Payment Management

Flexible installment plans that boost member conversions and simplify collections

Real-World Scenario

Vikram joins FitZone Gym in Indiranagar for an annual membership of **₹15,000**. He can't pay the full amount upfront, so the manager creates a **3-month EMI plan**: ₹5,000/month. ClubAdmin automatically generates 3 EMI invoices, sends WhatsApp reminders before each due date, and tracks payment status in real-time.

How EMI Works in ClubAdmin

1

Create EMI Plan

Set the total amount, number of installments, and due dates. Supports 2 to 12 month EMI splits with custom start dates.

2

Auto-Generate Invoices

Individual invoices are created for each installment with EMI number, due date, and remaining balance clearly shown.

3

Track & Remind

WhatsApp reminders go out automatically before due dates. Mark payments as received with one click. Full EMI timeline visible on member profile.

Supported Payment Modes

Cash

UPI / GPay / PhonePe

Bank Transfer (NEFT/IMPS)

Credit/Debit Card

Cheque

Online Payment Link

Revenue Analytics

Understand your club's financial health with detailed breakdowns and trends

Total Revenue (FY)

₹48,50,000

↑ 23% vs last year

Average Per Member

₹1,703

↑ 8% vs last year

Collection Rate

94.2%

↑ 6% after WhatsApp

Smart WhatsApp Reminders

Automated messages that boost collections by 30-40% on average

Expiry Reminder

"Hi Arjun, your Gold Membership at FitZone expires on 15 Mar 2026. Renew now to continue uninterrupted access. Contact us or visit the front desk!"

Payment Due

"Hi Sneha, a friendly reminder that your payment of ₹5,000 for Quarterly Plan is due on 20 Feb 2026. Please make the payment at your earliest convenience."

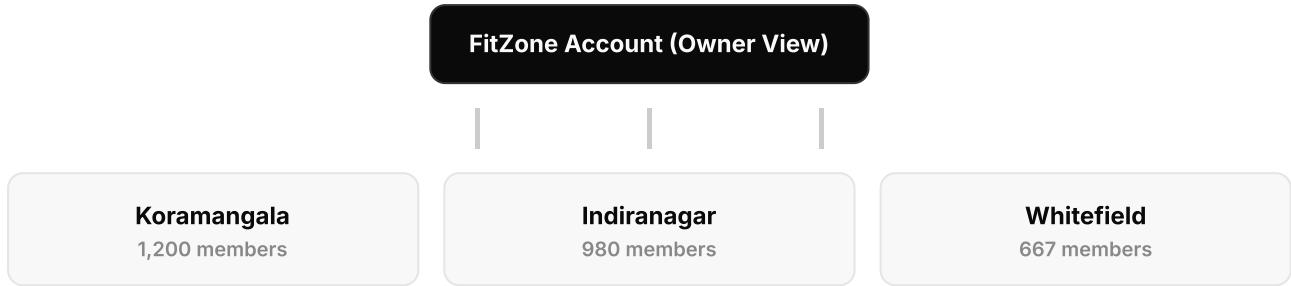

Balance Reminder

"Hi Karthik, you have an outstanding balance of ₹3,500 at PowerGym. Kindly clear the dues to keep your membership active. Thank you!"

Impact: Clubs using ClubAdmin's WhatsApp reminders report a **35% improvement** in on-time payments and a **25% reduction** in membership lapses compared to manual follow-ups.

Multi-Location Management

Manage all your branches from a single dashboard — unified data, separate controls

Role-Based Access Control

<p>☆ Owner</p> <p>Full access to all branches, revenue data, settings, and user management. Can view consolidated reports.</p>	<p>👤 Manager</p> <p>Access to assigned branch only. Can manage members, invoices, attendance, and view branch-level reports.</p>	<p>👤 Staff</p> <p>Limited access: check-in members, view schedules, update attendance. Cannot access billing or reports.</p>
---	---	---

Attendance Tracking

Know who's in your club, when they come, and how often — with zero manual effort

<p>Check-in / Check-out</p> <p>One-tap check-in from the dashboard. Supports barcode, QR code, or manual entry.</p>	<p>Peak Hours Analysis</p> <p>Identify busiest hours and days. Optimize staffing and plan class schedules accordingly.</p>	<p>Attendance Reports</p> <p>Daily, weekly, monthly reports. Export to Excel. Spot inactive members before they lapse.</p>	<p>Member History</p> <p>Complete attendance log per member. Track consistency, average visits per week, and duration.</p>
--	---	---	---

Pro Tip: Clubs that track attendance see **20% higher retention**— reaching out to members who haven't visited in 7+ days with a WhatsApp message brings them back before they churn.

Advanced Feature Modules

Powerful add-on capabilities included in every plan — no extra charges

Staff Management

Manage trainers, coaches, and admin staff. Track attendance, assign shifts, set salary structures, and monitor performance. Link trainers to specific batches or members.

Example: Arjun runs FitPro with 12 trainers. He uses ClubAdmin to assign each trainer to specific time slots, track their check-ins, and calculate monthly payouts based on sessions conducted.

Expense Tracking

Log all business expenses with categories, receipts, and vendor info. Track rent, utilities, equipment purchases, staff salaries, and maintenance costs.

Example: Meera tracks her yoga studio's monthly expenses: ₹45,000 rent, ₹8,000 electricity, ₹12,000 props replacement. The P&L report shows her true profit margin at a glance.

Custom Reports

Build reports with custom date ranges, filters, and groupings. Revenue by plan type, member acquisition trends, churn analysis, batch-wise performance, and more.

Example: Ravi generates a report showing that his "6-month plan" has the best retention (82%) while the monthly plan churns at 45% — so he restructures pricing to push longer commitments.

Asset Management

Track every piece of equipment — treadmills, weights, nets, rackets. Log purchase date, warranty, maintenance schedules, and replacement history.

Example: Suresh's gym has 40+ machines. He logs each one in ClubAdmin and gets reminders for AMC renewals and belt replacements, preventing costly breakdowns.

Classes & Batches

Create batches by time slot, skill level, or age group. Assign trainers, set capacity limits, manage waitlists, and track batch-wise attendance and revenue.

Example: Kavitha's swimming academy has Morning (6-8 AM), Evening (4-6 PM), and Weekend batches. Each batch has a max of 20 swimmers with dedicated coaches.

Facility Booking

Hourly or session-based booking for courts, lanes, studios, and rooms. Visual calendar, conflict prevention, deposit collection, and public booking portal.

Example: SportsZone in HSR Layout lets members book badminton courts via WhatsApp link. Non-members can book through the public portal with advance payment.

Facility Booking System

Complete court, lane, and room booking with visual calendar and public portal

Badminton Court 1 — Today

6:00 - 7:00 AM Rahul S.	7:00 - 8:00 AM Priya K.	8:00 - 9:00 AM Available	9:00 - 10:00 AM Selected

■ Available
 Booked
 Selected

Equipment Rental

Add equipment rentals to bookings — rackets, shoes, balls. Set hourly or per-session rates. Track inventory availability and generate rental revenue reports.

Waitlist Management

When a slot is full, members join a waitlist. If a cancellation happens, the next person is auto-notified via WhatsApp. No manual tracking needed.

Public Booking Portal

Share a booking link on your website or social media. Non-members can view availability, select slots, and pay online. Converts walk-ins into members.

Dynamic Pricing

Set different rates for peak vs off-peak hours, weekdays vs weekends, members vs non-members. Maximize revenue from every available slot.

Full Scenario: SportsZone HSR Layout

SportsZone manages **4 cricket nets** and **2 badminton courts** with hourly bookings. Using ClubAdmin, they set up each facility with operating hours (6 AM - 10 PM), slot durations (1 hour for courts, 30 mins for nets), and pricing (₹500/hr members, ₹800/hr non-members). Members book through WhatsApp, non-members through the public portal. The waitlist feature handles Friday evening rush, and automatic WhatsApp confirmations reduce no-shows by 40%. Monthly facility revenue increased from ₹1.2L to ₹1.8L within 3 months of going live.

WhatsApp Business Integration

8 pre-built message templates that automate your member communication

Invoice Sent

"Hi Priya, your invoice #INV-2026-0342 for Gold Annual Plan (₹15,000) has been generated. Please find the invoice attached. Payment due by 28 Feb 2026. Thank you for choosing FitZone!"

Expiry Reminder

"Hi Rahul, your Silver Quarterly Plan at PowerGym expires on 10 Mar 2026. That's just 7 days away! Renew now and get 10% early bird discount. Visit the front desk or reply to this message."

Renewal Confirmation

"Hi Ananya, great news! Your Gold Annual Plan has been renewed successfully. New validity: 1 Mar 2026 to 28 Feb 2027. Invoice #INV-2026-0356 attached. Welcome back!"

Balance Reminder

"Hi Deepak, you have a pending balance of ₹7,500 at FitZone Gym (Koramangala). Kindly clear the dues at your earliest. For payment options, contact us at the front desk."

EMI Due Reminder

"Hi Vikram, your EMI installment 2 of 3 (₹5,000) for Annual Plan is due on 15 Mar 2026. Total paid: ₹5,000 | Remaining: ₹10,000. Please make the payment by the due date."

EMI Payment Receipt

"Hi Vikram, we've received your EMI payment of ₹5,000 (Installment 2 of 3). Remaining balance: ₹5,000. Next EMI due: 15 Apr 2026. Receipt attached. Thank you!"

Booking Confirmation

"Hi Karthik, your booking is confirmed! Badminton Court 2 at SportsZone HSR on 22 Feb 2026, 6:00 - 7:00 PM. Amount: ₹500. Please arrive 10 mins early. See you there!"

Child Member Invoice

"Hi Mrs. Sharma, invoice #INV-2026-0360 for Aditya Sharma's Junior Swimming Batch (Monthly - ₹3,000) has been generated. Batch timing: Mon-Wed-Fri 4:00 PM. Payment due: 5 Mar 2026."

How it works: All templates are pre-approved by WhatsApp Business API. Messages are sent automatically based on triggers you configure — invoice generation, due dates, expiry approaching, or payment received. No manual sending required.

Invoice Template Showcase

Three professionally designed templates — each optimized for different club types

WhatsApp	8 Templates	Basic (2)	Not Available
Multi-Location	5 Free	₹500/branch	₹1,000/branch
EMI Management	Built-in	Not Available	Add-on ₹300
Facility Booking	Included	Add-on ₹500	Not Available

Getting Started is Easy

From first contact to going live in as little as 48 hours

1

Contact Us

Reach out via WhatsApp or our website. Tell us about your club — type, size, number of members, and what problems you're looking to solve. We respond within 2 hours.

WhatsApp

Website

2

Personalized Demo

We'll schedule a **30-minute video walkthrough** tailored to your club type. See exactly how ClubAdmin will work for your specific use case — with your plan names, your pricing, your workflow.

3

Setup & Data Migration

We configure your account — plans, templates, WhatsApp integration, and locations. If you have existing data in Excel, Google Sheets, or another software, **we import it for free**. No data left behind.

4

Training & Go Live

Your team gets a **hands-on training session** (video call or in-person for Bangalore clubs). We ensure everyone — owners, managers, front desk staff — is comfortable before you go live.

What to Prepare for Onboarding

- ✔ Club name, address, and logo
- ✔ Existing member data (Excel/CSV)
- ✔ GSTIN (if applicable)
- ✔ Staff roles and access requirements
- ✔ List of membership plans & pricing
- ✔ Branch locations (if multiple)

Ongoing Support

WhatsApp Support

Quick responses on WhatsApp for day-to-day queries. Average response time: under 30 minutes.

Video Training

Access a library of training videos and tutorials. New feature walkthroughs added regularly.

Regular Updates

New features and improvements released monthly. Your feedback directly shapes our roadmap.

Built for Every Type of Club

ClubAdmin adapts to your specific workflow — no matter what sport or activity you manage

FITNESS & WELLNESS

Gyms & Fitness Centers

Member plans, trainer assignments, equipment tracking, body metrics logging
